

BECOME A TOOTH FAIRY

Providing Quality Dental Care to Children in Need

KidSMILES appreciates all monetary donations regardless of the size of the gift. However, to encourage donations and develop camaraderie for our supporters, we have created two giving groups.

TOOTH FAIRY AUXILIARY BOARD - For those making an annual gift of \$200 or more and volunteering four hours or more per year. Benefits for 2017 include:

- Invitations to exclusive get-togethers with other members including a morning coffee walking distance from the 15th hole during the Memorial Tournament
- Opportunities to join together for hands-on work to support the clinic

(NOTE: General meetings for this board are not required, but we will plan to get together at least twice per year. Time, date and location TBD based upon input.)
